

# Wade Bridge of Whitebridge Trust

Membership Application Form      June 2009

The 1732 Wade Bridge at Whitebridge is judged to be the finest surviving example of a typical long span arch bridge built during General Wade's road-building era.

The bridge was closed by Highland Council in 2007 after a consultant's report deemed it dangerous. A Trust has now been established to restore the bridge, and in order to take this project forward and raise funds from organisations such as Historic Scotland who have given strong provisional backing, we need to demonstrate wide support from the local community and from representatives of local organisations, as well as other interested individuals and groups.

If you would like to see the Bridge restored and reopened to pedestrians, please complete this membership form and return it to the address below, or drop it off at the Whitebridge Hotel. Although the notes on membership below sound a bit official, we are required to include them. However joining does not involve you in meetings, phone calls, junk mail or campaigns, nor is it a plea for financial support (though you can come to meetings and we won't decline donations!) - but it IS a chance to indicate your wish to see the Bridge repaired, and we DO need to show that folk want it fixed!
